Jodie Russell
jodie@allstakesupply.com.au

FEATURES

- A woven polyethylene fabric made for weed control in nurseries, landscaping and horticulture
- The structure is tight enough to prevent light reaching the soil so weeds cannot grow, but allows air and water to pass through to prevent soil souring
- Exceeds Australian standards 2001.4.21 - 1979 and 2001.2.3.1 - 2001

SPECIFICATIONS

0.9metres x 50metres, 100G/M²
1.83metres x 50metres, 100G/M²
3.66metres x 100metres With Grid Lines, 100G/M²
5.0metres x 100metres With Grid Lines, 100G/M²
