Shadecloth

For more information on this product, please contact:

Troy Brooks
troy@allstakesupply.com.au

For customer service and account enquiries:

Jodie Russell
jodie@allstakesupply.com.au

FEATURES

- Shadecloth is a heavy duty UV stabilised fabric that will protect plants from being burnt by the harsh sun and decrease water evaporation
- Can also be used as screening material, scaffold netting and as a wind break material
- Suitable for all applications using light to medium tensioning
- Available in green or black

SPECIFICATIONS

Many more options in shade and sizes
 1.83metres x 50metres, 50% Shade
 1.83metres x 50metres, 70% Shade
 3.66metres x 50metres, 70% Shade
